

**PUBLIC ROUND TABLE
TEACHER TRAINING ENRICHMENT PROGRAM (TTEP 2019)**

Emotions in the Classroom: How do Teachers help Preschoolers become Emotionally Competent?

DR. TIMOTHY CURBY

Dr. Curby's work focuses on early childhood classroom experiences and applying advanced statistical models to school-based research. Specifically, he focuses on the interactions that teachers have with children as a mechanism for children's development. Dr. Curby is also interested in measurement of classrooms and development of observational measures of the classroom environment.
